

QwikCheck⁷ DFI Kit

Medical Electronic Systems, the worldwide leader in automated semen analysis for more than 20 years, is pleased to introduce the **NEW QwikCheck DFI kit**.

WHO 6th DFI made easy with the QwikCheck DFI kit !

Why switch to the QwikCheck DFI kit?

- Complete kit: Supplies for 10 tests/kit
- Saves time: <30 minutes vs. >50 minutes slide prep time.
- WHO 6th Compliant: Easy assessment with the SQA-Vision 6th
- DFI Counter (Reports FIVE categories and DFI Score)
- Storage: 1-year closed vial shelf life at 5-25°C / 6 months open vial shelf life at 5-25°C
- Usability: A lab tech can perform
- CE / FDA registered.

Medical Electronic Systems manufactures a line of automated semen analyzers for use at home (YO), in the lab and IVF centers (SQA-iO, SQA-V and SQA-Vision) and a many complementary QwikCheck kits that assure professional and accurate semen analysis. Contact your local distributor for details about our products!

Remember, it All Started with a Sperm!
